OCCUPATIONAL THERAPY LICENSE

The Missouri Board of Occupational Therapy requires occupational therapists to possess a license issued pursuant to state statute Chapter 324. RSMo 324.056.1 states in part:

No person shall practice occupational therapy or hold himself or herself out as an occupational therapist or occupational therapy assistant or as being able to practice occupational therapy, or to render occupational therapy services in this state unless such person is licensed or holds a valid permit pursuant to sections 324.050 to 324.089.

As a result of this statute, Medicaid enrolled providers participation requirements are changed. Missouri Medicaid will no longer accept a current certificate of registration and will require licensure to participate in the Missouri Medicaid program.

To obtain an application for licensure please contact: Missouri Board of Occupational Therapy, 3605 Missouri Boulevard, PO Box 1335, Jefferson City, MO 65102-1335 or call (573)751-0877, TDD 800-735-2966.

Once you have obtained your license, you may send a copy of your license with a cover letter including your Missouri Medicaid Occupational Therapy provider number to: Medicaid Provider Enrollment Unit, Division of Medical Services, PO Box 6500, Jefferson City, MO 65102-6500.

Medicaid enrolled occupational therapy providers who do not update the provider enrollment file with a license will be terminated from the Medicaid program. Termination will be made without further notification if the license is not received by the Provider Enrollment Unit before December 1, 2000.
